MESSAGE FROM THE PRESIDENT

My Fellow Members,

Welcome to the Spring of 2018! For awhile, it seemed like the weekly nor'easters were never going to let up. But it's finally time to move the heavy jackets to the back of the closet and break out the t-shirts, shorts and warm weather fun!

As our rates continue to grow more competitive, many members are turning to us for all of their lending needs. Members have been asking us how we can speed up the loan process. In addition, everyone's life seems to be getting busier and busier by the minute. To serve you better, we are proud to announce our new Loans By Phone service. We now have a team dedicated to remote lending so you don't have to make an extra trip to the branch. The next time your planning for upcoming expenses or thinking longer-term down the road, we're here to help. All you need to do is give us a call at (201) 659-3900, option 5. Our Representatives will be able to answer any questions you have and get the approval process started right over the phone!

Looking forward to the upcoming quarter, we're in the process of finalizing development of another new product to help make your financial planning easier called Skip A Pay. We understand that at some point, everyone could benefit from putting a one-month hold on a loan payment. Many times, it's the responsible decision to make versus falling behind and missing payments. We want to offer you the flexibility to put that payment on hold. We'll be announcing more details soon.

Don't forget that April is National Credit Union Youth Month. Every child dreams about their future. Some of those dreams may require money to come true. How do you help your children achieve their dreams? One way is to help them learn how to save their money. We're helping to make saving exciting by adding special rewards to the process which include chances to win valuable scholarships. Stop by any branch to find out more and have some fun saving.

We continue to give back to our community. In March, we were proud to help support the York Street Project by taking part in their 28th Annual Gala. The York Street Project mission is noble. They work to break the cycle of poverty in our community. Every year, their programs give nearly 300 women and children the tools they need to begin their journey toward a life of self-sufficiency. Jack Egan, a pillar in our community, was honored for his work with homeless children. It is because of members like you that we are able to join in and support the effort which will lead to a stronger Hudson County.

As we push our financial products and community commitment forward, we look forward to continuing to serve you. Have a fabulous Spring!

Sincerely,

Maria Solorzano
President/CEO

Celebrate National Credit Union Youth Month with us by focusing on the science of saving!

Everyone saves in different ways, but making a habit of savings early in life can propel children into a future of strong finances. We're proud to support the Credit Union National Association's (CUNA) initiative to bolster future financial wellness for everyone. One way we support this year round is through our Beary Club. This program helps our youth learn banking basics like filling out deposit forms, understanding receipts and checking monthly statements. It also supports stronger savings skills by offering incentives that are easier for youth to track.

Join the Beary Club today! Every Youth Savings account member can earn prizes with each deposit, and is entered into scholarship drawings throughout the year. Plus, all youth deposits for the month of April earn double Beary Bucks!
